

Integrated Child Development Services 'Uttarakhand'

(I.C.D.S)

ICDS and Health Department

- ✚ ICDS and health department work in collaboration with each other in disseminating their services.
- ✚ With the cooperation of the workers of Health department, following three services are provided under ICDS:
 - Health check up and vaccination
 - Nutrition and health education
 - Reference services.
- ✚ Aanganwadi worker provides the above services to the beneficiaries at their respective aanganwadi centres; which is the focal point of all ICDS services ; with cooperation of the health workers.
- ✚ Health workers provide full- fledged cooperation to the AWWs in order to provide the above services to the beneficiaries.
- ✚ The officers and the workers of ICDS and Health Department work in convergence with each other at various levels like state, district ,block and village level; in order to successfully disseminate the health related services among the beneficiaries.

Coordination among ANM ,ASHA and AWWs

An initiative by the workers of Health Deptt in the ICDS programme:

- ✚ ASHA worker of Health deptt provides necessary cooperation to the Aanganwadi worker in the process of marking the beneficiaries.
- ✚ Local workers of the Health Deptt like ASHA, ANM etc make sure that the 'Medicine Kit' available at all aanganwadi centres is always equipped with medicines.
- ✚ Local workers of the Health Deptt like ASHA, ANM etc also make sure that no beneficiary is deprived from availing the services of the registered vaccination and health check-ups at the aanganwadi centres.
- ✚ ASHA and ANMs works in collaboration with Aanganwadi workers to provide information regarding the benefits and use of Iodine salt to the beneficiaries.
- ✚ ASHA and ANMs in collaboration with Aanganwadi workers imparts door-to-door information regarding nutrition and health related -issues to the beneficiaries.
